MESSAGE FROM ORGANIZERS

For the first time in September 2018 the Marce society for perinatal mental health is holding its Biennial Scientific Congress in Asia, at NIMHANS, Bangalore, India.

The principal aim of the Conference is to promote, facilitate and communicate about research and services related to all aspects of the mental health of women, their infants and partners around the time of childbirth. We invite psychiatrists, psychologists, psychiatric social workers, nurses, midwives, public health professionals, paediatricians, obstetricians and basic researchers to this exciting multidisciplinary conference.

Prabha S Chandra & Jane Fisher

HIGHLIGHTS

- ◆ Listen to World experts in the field of mother infant psychiatry.
- ◆ Learn about the latest advances in the field in the various symposia.
- ◆ Participate in informal discussions at 'meeting spaces'.
- ◆ Involve yourself in exciting programs for young professionals.
- ◆ Build confidence in starting perinatal services in low resource settings.
- ◆ Understand methodological issues in screening and assessments.

CONFERENCE TRACKS

- Track 1** Promotion, prevention and the public health approach to maternal mental health.
- Track 2** Detection and Screening- recent ideas, advances and pathways.
- Track 3** Managing mental illness in pregnancy and the first year after childbirth.
- Track 4** The interaction of psychosocial environment and biology in maternal - infant mental health.
- Track 5** Innovations in service delivery, interventions and the use of technology for perinatal mental health including training for health professionals.
- Track 6** Young professional multidisciplinary integrated program.
